**What special skills or experience do you/your nominee possess that would benefit the DWS Board?** (Ex. fundraising, involvement with a local business or school, and any other area of expertise.)

I bring a practical, problem-solving mindset. I'm used to looking at situations, figuring out what makes sense, and getting things done the right way—not just the easy way. I pay attention to details, but I also keep the bigger picture in mind. Also, I'm comfortable speaking up when something doesn't seem right and I'm just as willing to listen and work through decisions as a group.

**Do you/your nominee have any previous or current experience as a member of a school or non-profit Board of Directors?** If so, please describe.

I don't currently have formal board experience, but I'm comfortable taking on responsibility, being involved in decision-making, and working with others to get things done. I'm willing to learn, ask questions, and put in the time to do the role well.

**Why do you/your nominee wish to serve on the DWS Board of Directors?**

I want to be involved in meaningful ways and to help make sure the school continues to do well long-term. I care about the direction it's going and want to be part of keeping it strong, stable, and focused on what's best for the students. I want to be able to contribute and make a difference, not just sit on the sidelines.
